I just received a call from a Ruth Izraeli/R2. She informed that she used to work on Arkwood and saw a summary from the EPA Ada lab on their gw comments for the site.

She was curious about the gw comments since she's a hydrogeologist and was involved during the RI at the site and requested if she can take a look. I said sure and forwarded her the gw comments received from EPA Ada lab. I requested that if she had any info after taking a look to contact me back.

She also wanted me to say hi to everyone for her.

Thanks,
